

# SEMIDA ANDREICHA

**Date of Birth:** 10 May 1995

**Address:** Bergwijkdreef 196, 1112 XX te Diemen, Netherlands

**Mobile Phone Number:** (+31)617963569

**E-mail:** [semidaandreicha@gamil.com](mailto:semidaandreicha@gamil.com)

## ***Profile***

Analytic and goal oriented who likes to engage in team work. Experienced with having and taking responsibility, built during the period working as a Computer Science teacher assistant, where the responsibility for marking, debugging and teaching code to students was expected. As well as being part of the leadership Student Council, where setting up important events such as sports tournaments and open houses were mandatory.

## ***Work Experience***

### **InHolland University of Applied Science**

**Amsterdam,  
Netherlands**

Mentor in Onderwijsproject HAVO-  
Mathematical Engineering/Toegepaste Wiskunde  
'Optimale vaarbeweingen bij crisisituatie'

November, 2016  
and  
January, 2017

During the project, as a mentor, I helped with the installation and usage of QGis, a geographic information system application that provides data viewing, editing, and analysis. As well as provided the guidelines of writing a research report, and other help that was needed in regards to the project.

### **John G. Diefenbaker High School**

**Calgary, Canada**

Computer Science T.A.(Teacher Assistant)

2013 – 2015

The tasks that were mandatory to complete as a Computer Science T.A. were explaining coding problems to teenagers, debugging code and marking projects. Along with making PowerPoint presentations and presenting them, as well as sorting and arranging documents.

## ***Education***

**InHolland University of Applied Science      Diemen, Netherlands**  
Mathematical Engineering      September 2015 – Present

Mathematics, Programming, Networking, and Database Management are few of the core subjects at the Mathematical Engineering Bachelor's Degree branch.

**John G. Diefenbaker High School      Calgary, Canada**  
High School Student      2012 – 2014

Mathematics, Computer Science, Chemistry, Biology and English were few of the most important courses.

---
